

# Current Trends In High Performance Computing And Its Applications

**Author :**Wu Zhang / **Category :**Computers / **Total Pages :** 639 pages

 [Download Current Trends In High Performance Computing And Its Applications PDF](#)

**Summary :** Free current trends in high performance computing and its applications pdf download - this volume contains 88 research articles written by prominent researchers the articles are chosen from a large international conference on high performance computing and its applications held in shanghai china topics covered include a variety of subjects in modern high performance computing and its applications such as the design and analysis of high performance computing algorithms tools and platforms and their scientific engineering medical and industrial applications the book serves as an excellent reference work for graduate students and researchers working with high performance computing for problems in science and engineering

**Pusblisher :** Springer Science Business Media on 2005-06-16 / **ISBN :** 3540257853
