

## Summary and Sample Lessons

*In this Newbery Honor book, Ramona has turned eight years old. She is in the third grade in a new school and has a new teacher. She is also making new friends and causing more unintended mischief. At home the Quimby's are going through some hard times as Mr. Quimby returns to college to become an art teacher. Although money is tight, the family continues to "stick together" and make the best of their situation.*
